Twenty-five years' experience in the profession enables us to guarantee that our Modern Designs for laying out Cemeteries, Private Properties and Public Parks or for Remodelling Old Grounds and the Sub-division of Estates will receive the best artistic results and at the same time involve the least expense in developement and maintenance.

Instructions given for Plantings and Superintendence furnished. Personal inspection and advice as to the improvement of large properties. Plans and Estimates furnished on Road Making, Water Works and Sewerage for towns and cities, also dams and bridges. Estates surveyed and boundaries established.

PREFACE.

In presenting to our patrons and the general public this eighteenth edition of the BROOKLINE DIRECTORY, we would express the hope that it may meet every reasonable expectation. It is scarcely necessary to state that the difficulties and expense attending the compilation of such a work are very great, and not to be appreciated by any one unfamiliar with the business, like every other is peculiar to itself.

Since 1862 we have made a specialty of compiling city directories and it has been our sincere purpose and ernest endeavor to do our work faithfully, and in return, may we not ask the generous support of an undivided community ? We call special attention to advertisers who have favored us in this edition and bespeak for them a liberal patronage,

Respectfully,

Second alarm to be given by striking three blows.
General alarm to be given by striking ten blows.

1 One stroke at 12 M. Washington time, and 9 P. M. every evening.

1-1 Two strokes slow for fire out, and all apparatus under way will return to quarters.

One first alarm from boxes 26-27-32-33-34-35-36-37-38-39-41-43-45-46-312, Hose 3 will take position in Hose 1's house.

On second alarm from boxes 16-17-18-19-21-23-24-29-212, the Chemical engine will take position in Hose 1's house, and the Combination Engine will take position in Hook and Ladder No. 1.

Members of companies not responding on first alarm shall report at the house of their respective companies, and remain there twenty minutes, unless the recall signal has been sounded. After a first alarm has been given and before the recall signal is sounded, should an alarm be given from another box, all unemployed first and second alarm companies will respond.

22 Signal for no school, 4 rounds.

Also a special box for Town Hall except between the hours of 7.45 and 8.30 a. m.

EUGENE N. DAVIS, Supt.

INFORMATION FOR YOU.

Before ringing an alarm be sure that a fire actually exists.

Do not give an alarm for a fire seen at a distance, as all needless alarms are an expense to the town, and should be avoided as much as possible.

To give an alarm, break glass in front of small box, take the key you will find there, open door to fire box, pull down the hook in the box once (without jerking), and let go. Wait a few seconds and if you hear no clicking of the wheels, pull again (no clicking, no alarm); if then no movement is heard, go to the nearest box and try, after which report immediately to the superintendent or at the Station House, the box out of order.

All persons giving fire alarms are requested to remain by the box, if possible, to direct the firemen to the fire. Each box contains a small bell, which if heard before you pull indicates that the alarm has been previously given.

After the first alarm has been rung in, all other alarms or signals are given only by the engineers.

Tampering with any of the apparatus connected with the Fire Alarm Telegraph will be prosecuted to the full extent of the law.

SPECIAL NOTICE.

The fact that an alarm box is located near their residence and where the key is kept, should be known to all persons, both male and female, and the simple manner of giving an alarm in case of fire should be a matter of common education. The Board of Engineers recommends to all persons who may see this notice, that they make all necessary inquiries to enable them, in case of need, either to get the key and pull an alarm in, or direct others to do so. Time saved in this way may prevent a conflagration.
